STREET PAVING IS SUBJECT OF MUCH DISCUSSION

Property Owners Out in Force at Council Meeting Last Night: Some Favor Improvement; Others Oppose it

NEW METHOD SUGGESTED UNDER LAWS OF 1909.

Following a lengthy discussion upon the part of property owners last night, the city council adopted a resolution by a vote of 4 to 2, that any paving which may be done in Albuquerque will be done by procedure under the laws of 1909. The council met for the sole purpose of considering the paving proposition and of hearing any complaints or suggestions taxpayers might have to offer. Two petitions were presented to the council, one favoring paving, and the other opposing the improvement. Many speeches were made by supporters of paving, and an equal number of speeches were made in opposition.

The matter of paving the principal streets of Albuquerque had presented to a point, where the city was ready to let the contract, all arrangements having been made under the laws of 1905, which authorizes a bond issue, and gives the city authority to designate a certain section as a paving district. Under the laws of 1905, property owners can be compelled to pave, and the payments due for the paving may be collected without much red tape.

The 1909 paving law is a very lengthy one, made up of seventy-nine sections, covering eighteen printed pages. This law leaves it to the property owners to take the initiative in the paving. By a petition to the city council, signed by a certain number of property owners, permission is granted to pave. The residents of the designated district meet a commission to carry out the paving, which commission looks after float, iron bands and financing the improvement.

Among those who spoke last night in favor of paving were J. H. O'Brien, Simon Stern, Jacob Korbler, David S. Rosenwald, Dr. W. G. Hope. On behalf of the Santa Fe railroad, the improvement was opposed by Superintendent E. F. Summers, of the Rio Grande division. Others spoke against paving at present, among them being F. J. Wilson, O. S. Pillsbury, M. P. Stamm, and J. J. Passmore. Mr. Stamm, during the course of his remarks, handed a bouquet to Street Commissioner Martin Tierney for the good work done, in building new streets and improving old ones.

Following a suggestion by Simon Stern, that the paving be done in a district from Broadway to Sixth street and from Tijeras road to Silver Avenue, under the laws of 1909, the council went into executive session. The council, behind closed doors, considered the proposition at some length. Finally the general public was again admitted and a resolution was introduced by Alderman Wroth, incorporating substantially what had been suggested by Mr. Stern. The resolution, in form of a motion, was seconded by Alderman Cox and carried by a vote of three to two. Aldermen Wroth, Cox and Conway voting yes; Aldermen Clarke and Reidy voting no. Aldermen Isherwood, Auge and Thomas were absent.

Prominent among those who signed the petition asking that no paving be done at present were the following: E. H. Kent, J. C. Baldwin, D. J. Rankin, William Kieke, G. A. Kaseman, State National Bank, W. L. Trimble, Otto Dieckmann, O. N. Marion, John Borodale, J. L. Bell, O. Bachuchi, Imperial Laundry, H. Ferguson, Graham Brothers, Emil A. NEW MEXICO FARMER IS FOUND DEAD

Old Homesteader Who Had Claim Near Roy Dies Alone in Cabin and Neighbors Find Remains.

Roy, N. M., June 22.—George O. Huston, aged 84 years, has been found dead in his house on his claim one mile northwest of Roy. He was found by Johnnie Whitting, the 12-year-old son of Mrs. Whitting of Roy. Mr. Huston who had moved here from Bedford, Iowa, had been living alone on his claim for the past four years, and has always appeared in the best of health and had never been a weakly visitor to town.

He was seen at work on his claim Wednesday of last week, and from his appearance, he was probably preparing supper on that evening when death resulted from stroke of apoplexy, and was apparently instant and painless.

POST CARD DAY IS OBSERVED AT STANLEY

Heavy Mail of Postals Sent Out From Bustling City: Excellent Showers Reported in That Neighborhood.

Special Correspondence to the Herald

Stanley, N. M., June 23.—Post Card day was quite generously observed at Stanley. The postmaster obtained a supply of cards from H. B. Hening, secretary of the bureau of immigration, for free distribution, and the supply was quickly taken up by persons who wished to mail them to friends "back east."

A fine shower measuring .34 of an inch fell at Stanley yesterday.

Mrs. A. S. Putnam and her son, E. H. Putnam, are visiting Mrs. Leatherwood and Mrs. W. F. Castle.

C. P. Ferguson is driving a well equipped team four miles northwest of Stanley. O. F. Fisher is doing the work.

FAST DRIVING SAVES LIFE OF BITTEN CHILD

Twelve Mile Trip in 65 Minutes to Carry Aid to Little Girl Attacked by Rattler.

Special Correspondence to the Herald

Estancia, N. M., June 23.—Fast driving on the part of a local physician who made the 12-mile trip to the ranch of Mr. W. Morris, saved the life of Mr. Morris' little five-year-old daughter yesterday. The child had been bitten by a rattlesnake. Medical aid was summoned as rapidly as possible, but as the ranch is a long distance from town, two hours and a half elapsed before the doctor could arrive, though he made the trip in 65 minutes. The child is doing as well as could be expected, and it is thought will escape serious results.

S.S.S. PERMANENTLY HEALS SORES AND ULCERS

No matter in what way an old sore or ulcer first commenced, whether from a wound, cut, or bruise, or from the ulceration of a wart, pimple or mole, or even if it came without apparent reason, the fact that it does not heal shows that bad blood is responsible for the place. While the circulation remains impure and polluted, the nerves and tissues of the flesh around the place are constantly being fed with unhealthy matter and the fibres are thus prevented from knitting together and healing. Purify the blood and the place **MUST** heal, its cause having been removed. **S.S.S.** cures old sores and chronic ulcers because it is the greatest of all blood purifiers. It removes from the circulation every faint or impurity, and so enriches the blood that it feeds and nourishes the tender, sensitive flesh, causes a knitting together of all fibrous tissue and thus heals the place naturally and permanently. Book on Sores and Ulcers and any medical advice desired sent free to all who write and request it. **S.S.S.** is sold at drug stores.

CHANGE IN ARIZONA SANITARY BOARD

Phoenix, Ariz., June 23.—Governor Stearn has appointed W. H. Cox as member of the cattle sanitary board, Vice J. W. Stewart of Prescott, resigned.

Both gentlemen are democrats, it having been the policy of all administrations to keep one member on the board of opposing political faith.

Mr. Stewart is a supervisor of Yavapai county and also has a great deal of private business to attend to. In tendering his resignation he stated that he did so for the reason that he did not feel that he could devote the time necessary for the discharge of his official duties as a member of the sanitary board.

Both gentlemen are democrats, it having been the policy of all administrations to keep one member on the board of opposing political faith.

Mr. Cox is well known not only in Yavapai county, but in the county where he made his home until recent years. He has been engaged in the stock business more or less all his life.

Balance, June 30, \$1,120,522.21.

On deposit in banks, \$1,287,276.65.

Excess balance shown as on deposit in banks in excess of treasury balance, is accounted for from the fact that collections of taxes have been made but not distributed to funds, such distribution being made by treasurers the tenth day of each month according to statutory provision.

Territorial Secretary Nathan Jaffa has gone to Denver on business. He is expected back in a week or two.
